To: PROJECT FILE

Date: January 19, 2012

Project Number: 300136, 300360, & 300361

Bid Solicitation Date: November 15, 2011

Bid Opening Date: December 15, 2011

Bidder: Specialty Construction, Inc.

Type of Work: Bridge Widening on Price Canyon Road

Bid Amount: \$3,447,094.55

From: County of San Luis Obispo
Department of Public Works – Design Division

Subject: Evaluation of Good Faith Effort of Specialty Construction, Inc.

The County of San Luis Obispo Department of Public Works (“County”) established an Underutilized Disadvantaged Business Enterprise (UDBE) goal of 3% for this project. Specialty Construction, Inc. (“SCI”) was the apparent low bidder, but it only achieved a UDBE participation of 2.32%.

If a bidder does not satisfy the UDBE participation goal, its bid must demonstrate that it undertook good faith efforts to meet the goal. The County’s evaluation of the SCI’s good faith efforts is based on the “*Guidance Concerning Good Faith Efforts*” contained in 49 CFR Part 26, Appendix A (see Exhibit A). The efforts of SCI were reviewed by the County from the information provided in UDBE Commitment form and the UDBE Information – Good Faith Efforts documentation signed and submitted by SCI.

The County, as a recipient of federal funds, is responsible for making a fair and reasonable judgment as to whether a bidder has made adequate good faith efforts by considering the quality, quantity, and intensity of a bidder’s efforts. 49 CFR Part 26, Appendix A (II) states that: “The efforts employed by the bidder should be those that one could reasonably expect a bidder to take if the bidder were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE contract goal. Mere pro forma efforts are not good faith efforts to meet the DBE contract requirements.”

The County determined that SCI did not demonstrate a good faith effort to meet the UDBE participation goal of this project for the reasons cited in this evaluation memorandum.

EVALUATION

A. Items of work the bidder made available to UDBE firms

SCI provided a table entitled “Items Made Available to UDBE Firms” (See Exhibit B) with the Good Faith Effort documentation. In this table SCI claimed to have made 59.21% of project work available to UDBE firms. The County determined that SCI actually only made 12.22% (\$421,401.00) of project work available to UDBE firms (see Exhibit C) based on the following:

1. There are no UDBE firms available that perform several of the work items SCI claimed to have made available to UDBE firms. For example, SCI claimed to make Cast-In-Drilled-Hole Concrete Piling for 7.43% (\$256,000) available to UDBE firms. Based on the County's search of the Caltrans DBE Query website, there are no UDBE firms that perform this work; therefore the County did not count any of these items as made available to UDBE firms.
2. SCI did not solicit any UDBE firms that perform several items of work (i.e. SWPPP and Lead Compliance Plan) they claimed to have made available to UDBE firms; therefore the County did not count these items as made available to UDBE firms.
3. SCI is self-performing several of the items of work they claimed to have made available to UDBE firms (i.e. Traffic Control, Bridge Removal, and MSE Wall). 49 CFR 26, Appendix A (IV) (D) (2) states: "the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts." It appears SCI made pro forma efforts by simply soliciting UDBE firms for those items of work that it is self-performing; therefore the County did not count those items as made available to UDBE firms.

Although SCI technically made enough work available to UDBE firms to achieve the goal, SCI failed to select portions of the work consistent with available UDBE firms in accordance with 49 CFR 26, Appendix A (IV) (D) (1) which states: "It is the bidder's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation."

Based on the above discussion, the County has determined that these efforts were marginal to demonstrate a good faith effort.

B. Solicitation effort documentation

SCI provided copies of the Request for Bids sent to UDBE firms, fax transmission reports, e-mail correspondence, and a UDBE contact log.

The solicitations to UDBE firms included appropriate information about the contract, including location, contract number, bid opening date, items of work available, and contact information.

Initial fax or e-mail solicitations were sent on 11/29/11 to 26 UDBE firms, one of which is no longer in business and three of which are not properly licensed, leaving 22 potential UDBE firms. Only one of the firms confirmed they were planning to provide a bid after the initial solicitation.

Follow-up correspondence occurred on 12/7/11, allowing sufficient time for UDBE firms to respond, in which three additional firms confirmed they were planning to provide a bid, ten firms confirmed they would not be bidding, and the remaining nine firms did not respond. Based on the response from potential UDBE firms, a bidder who was actively and aggressively trying to meet the goal would have made an attempt to solicit additional UDBE firms. The Good Faith Effort documentation submitted by SCI did not show they made any such effort.

County staff performed an independent search of the Caltrans DBE Query website, which is the online database used by SCI to locate certified UDBE firms, using the same work categories searched by SCI. This search yielded 70 UDBE firms (see Exhibits D and E).

By using the Caltrans DBE Query website incorrectly and not sending Request for Bids to all available UDBE firms, SCI failed to act in accordance with 49 CFR 26, Appendix A (IV) (A), which

states: “(the bidder is required to be) soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract.”

Based on the above discussion, the County has determined that these efforts were not sufficient to demonstrate a good faith effort.

C. Rejected UDBE documentation

SCI included quotes from 7 firms with its Good Faith Effort documentation, 4 of which were UDBE firms. SCI accepted the quote from one UDBE firm, Tipco Engineering, Inc. (#37925). The Good Faith Effort documentation submitted by SCI claimed the other UDBE firms, A.C. Dike Company, Inc. (#000219), KRC Safety Company, Inc. (#000447), and Super Seal and Stripe (#2003), were rejected because their prices were not competitive with the quotes of other firms or SCI was self-performing the work.

49 CFR 26, Appendix A (IV) (D) (2) states that: “A bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.”

The quote provided by KRC Safety Company, Inc. (see Exhibit F) for Construction Area Signs and Type III Barricades was lower than that of the firm selected, Statewide Traffic Safety & Signs (see Exhibit G). If KRC Safety Company, Inc. had been selected to perform these items, an additional 0.2% of UDBE participation could have been credited to SCI.

The quote provided by A.C. Dike Company, Inc. (see Exhibit H) for Place HMA Dike and Place HMA (Miscellaneous Area) was lower than the quote provided by the firm selected, Asphalt Dike Construction, Inc. (see Exhibit I). If A.C. Dike Company, Inc. had been selected to perform these items, an additional 0.14% of UDBE participation could have been credited to SCI.

The quotes provided by UDBE firms for the remaining items of work appeared to be substantially higher than the quotes provided by non-UDBE firms; therefore the County considers it was reasonable for SCI to reject those higher UDBE quotes.

If KRC Safety Company, Inc. and A.C. Dike Company, Inc. would have been selected SCI would have achieved an additional 0.34% of UDBE participation, resulting in a total of UDBE participation of 2.66% UDBE participation (see Exhibit J).

Since SCI rejected quotes from UDBE firms that were lower than those of non-UDBE firms, it appears that SCI did not take contract goals into consideration when negotiating with subcontractors and therefore did not act in accordance with 49 CFR 26, Appendix A (IV) (D) (2).

Based on the above discussion, the County has determined that these efforts were not sufficient to demonstrate a good faith effort.

D. Publication effort made to advertise the projects to include UDBE participation

SCI advertised in the following publications requesting UDBE participation for this project, allowing sufficient time for UDBE firms to respond:

Publications	Dates of Advertisement
Minority Business Development Agency	11/29/11 – 12/15/11
Small Business Administration	11/29/11 – 12/15/11
Construction Up-Date	11/24/11
Minority Bidders Bulletin	11/28/11

Based on the above discussion, the County has determined that these efforts were sufficient to demonstrate a good faith effort.

E. Agencies, organizations, or groups contacted to provide assistance in contacting, recruiting and using UDBE firms

SCI claimed to have contacted the following for assistance:

Minority Business Development Agency
 Small Business Administration
 State of CA, Department of Transportation
 County of San Luis Obispo

SCI placed online advertisements with the Minority Business Development Agency and the Small Business Administration on 11/29/11. No documentation was provided that either of these agencies were contacted to provide assistance in contacting, recruiting, or using UDBE firms.

SCI's contact with the State of California, Department of Transportation was through the Caltrans DBE Query website on 11/29/11. SCI used the Caltrans website as the main resource in locating UDBE firms.

SCI's contact with the County of San Luis Obispo was through the County's DBE Directory available on the County's website. SCI included a copy of the DBE Directory but did not show supporting documentation that they solicited bids from the UDBE firms shown on the County's DBE Directory. It appears SCI made *pro forma* efforts by simply copying the County's DBE Directory, but not utilizing it.

Based on the above discussion, the County has determined that these efforts were marginal to demonstrate a good faith effort.

F. Efforts to provide information about the plans, specifications, and contract requirements

SCI's solicitations and advertisements state: "Plans and specifications are available for viewing at Specialty Construction, Inc. and for download at: http://www.slocounty.ca.gov/PW/Design_Division/Projects_Out_To_Bid.htm."

SCI acted in accordance with 49 CFR 26, Appendix A (IV) (C) which states: "(the bidder is required to be) providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation."

Based on the above discussion, the County has determined that these efforts were sufficient to demonstrate a good faith effort.

G. Assistance with bonding, lines of credit, insurance, equipment, supplies, materials, and/or services

SCI's solicitations state: "Please contact Sheri Shamblin if you need any bidding assistance including; obtaining bonding, insurance, equipment, materials and/or supplies. SCI intends to work cooperatively with all qualified firms seeking work on this project."

SCI's advertisements state: "Please contact Sheri Shamblin for copies of insurance requirements, Subcontract Agreement or Purchase Order, or if you need any bidding assistance including; obtaining bonding, insurance, equipment, materials and/or supplies. SCI intends to work cooperatively with all qualified firms seeking work on this project."

According the Good Faith Effort documentation, SCI did not receive any requests from UDBE firms for assistance.

SCI acted in accordance with 49 CFR 26, Appendix A (IV) (F) which states: "(the bidder is required to make) efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor." SCI also acted in accordance with 49 CFR 26, Appendix A (IV) G) which states: "(the bidder is required to make) efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services."

Based on the above discussion, the County has determined that these efforts were sufficient to demonstrate a good faith effort.

H. Additional data to support a demonstration of good faith effort

On December 23, 2011 the County received a letter from SCI (see Exhibit K) with a revised UDBE Commitment Form showing \$98,638.02 toward the listed UDBE, Tipco Engineering, Inc. After careful review, the County determined the amount of UDBE participation included on the original quote from Tipco Engineering, Inc. on the day of bid opening, \$80,000, is the amount that should be used in determining SCI's UDBE participation.

The letter from SCI also stated they plan to utilize KRC Safety Company, Inc. for Construction Area Signs for \$6,600. This is inconsistent with the both the UDBE Commitment Form and Good Faith Effort documentation submitted by SCI. It is also not in conformance with Section 2-1.04, "Disadvantaged Business Enterprise (DBE)," of the Contract Special Provisions, which states: "Bidders shall meet the UDBE Goal shown in the Notice to Bidders or demonstrate that, prior to bidding, Good Faith Efforts were made to meet the goal."

Based on the above discussion, the County has determined that the additional data submitted by SCI did not help to support SCI's good faith effort

I. Comparison of UDBE participation achieved by other bidders.

In determining whether a bidder has made good faith efforts, the County may take into account the performance of other bidders in meeting the UDBE Goal, in accordance with 49 CFR 26, Appendix A (V) which states:

"In determining whether a bidder has made good faith efforts, you may take into account the performance of other bidders in meeting the contract. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, you may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE

participation obtained by other bidders, you may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.”

The 2nd and 3rd low bidders met the 3% contract goal, achieving 3.13% and 5.38% UDBE participation, respectively.

Taking into account the performance of the other bidders to meet the goal, the County has determined that with additional reasonable efforts, SCI could have met the goal.

FINDING OF THE COUNTY

Based on the discussion provided in this memorandum, the County has determined that SCI did not demonstrate the level of effort that the County would expect it to take if it was actively and aggressively trying to obtain UDBE participation sufficient to meet the UDBE goal. Based on the County’s evaluation SCI failed to:

- select portions of the work to be made available to UDBE firms consistent with the available UDBE subcontractors and suppliers;
- solicit all UDBE firms who have the capability to perform the items of work it claimed to make available to UDBE firms; and
- take contract goals into consideration when negotiating with UDBE firms.

The County finds that SCI did not demonstrate a good faith effort to meet the UDBE participation for this contract.

Exhibit A

Copy of 49 CFR 26 – Appendix A
Guidance Concerning Good Faith Efforts

Source: <http://ecfr.gpoaccess.gov>

Appendix A to Part 26—Guidance Concerning Good Faith Efforts

I. When, as a recipient, you establish a contract goal on a DOT-assisted contract, a bidder must, in order to be responsible and/or responsive, make good faith efforts to meet the goal. The bidder can meet this requirement in either of two ways. First, the bidder can meet the goal, documenting commitments for participation by DBE firms sufficient for this purpose. Second, even if it doesn't meet the goal, the bidder can document adequate good faith efforts. This means that the bidder must show that it took all necessary and reasonable steps to achieve a DBE goal or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.

II. In any situation in which you have established a contract goal, part 26 requires you to use the good faith efforts mechanism of this part. As a recipient, it is up to you to make a fair and reasonable judgment whether a bidder that did not meet the goal made adequate good faith efforts. It is important for you to consider the quality, quantity, and intensity of the different kinds of efforts that the bidder has made. The efforts employed by the bidder should be those that one could reasonably expect a bidder to take if the bidder were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE contract goal. Mere *pro forma* efforts are not good faith efforts to meet the DBE contract requirements. We emphasize, however, that your determination concerning the sufficiency of the firm's good faith efforts is a judgment call: meeting quantitative formulas is not required.

III. The Department also strongly cautions you against requiring that a bidder meet a contract goal (*i.e.* , obtain a specified amount of DBE participation) in order to be awarded a contract, even though the bidder makes an adequate good faith efforts showing. This rule specifically prohibits you from ignoring *bona fide* good faith efforts.

IV. The following is a list of types of actions which you should consider as part of the bidder's good faith efforts to obtain DBE participation. It is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

A. Soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The bidder must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The bidder must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.

B. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

C. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

D. (1) Negotiating in good faith with interested DBEs. It is the bidder's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

(2) A bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

E. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of

Attachment A

their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.

F. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.

G. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

H. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

V. In determining whether a bidder has made good faith efforts, you may take into account the performance of other bidders in meeting the contract. For example, when the apparent successful bidder fails to meet the contract goal, but others meet it, you may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful bidder could have met the goal. If the apparent successful bidder fails to meet the goal, but meets or exceeds the average DBE participation obtained by other bidders, you may view this, in conjunction with other factors, as evidence of the apparent successful bidder having made good faith efforts.

KRC SAFETY CO., INC.**BARRICADE RENTAL ~ TRAFFIC CONTROL**

6084 West Hurley Ave. Visalia, California 93291

Phone (559) 732-0393 • FAX (559) 732-2684

ATTACHMENT AJob # SLO Co. -- Bridge Widening on Price Canyon Road Bid Date: 12-15-2011

- 1 KRC SAFETY CO., INC. is signatory to the Laborers of Northern California, Construction Laborers of Southern California and the Operating Engineers.
- 2 Unless otherwise noted on quote, all subsistence and travel pay is included in prices.
- 3 KRC SAFETY CO., INC. is recognized by the Department of Transportation as a Certified Disadvantaged Business Enterprise (DBE) & (UDBE) ~ Certificate # 000447 Expires 11/23/2014 Small Business Ref# 0006897
- 4 Concrete or asphalt coring / patching is **NOT** included in permanent sign and or marker installation or relocation.
- 5 Unless noted on bid, Traffic Control is **NOT** included in the installation, removal, or repair of any items.
- 6 KRC SAFETY CO., INC. requires a, **12 WORKING DAY WRITTEN NOTICE IN ADVANCE**, prior to commencement of work, including installation and removal of signs. Additionally, an Executed subcontract or purchase order must be on file with this office prior to the start of work.
- 7 This Quote shall remain valid for a period of 45 days from actual bid opening unless otherwise agreed upon.
- 8 Contractor agrees to provide personnel for up to 5 to 10 minutes per KRC employee for relief break periods as needed due to weather and heat conditions to meet CAL OSHA heat illness prevention requirements.
- 9 Lump Sum price for Construction Area Signs includes: **USA Notification**, installation, removal and **INITIAL** dating of any ramp signs. Contractor will be responsible for maintenance and changing dates on signs as required. All construction area signs are considered rental and shall remain property of KRC SAFETY CO., INC. at the conclusion of project. Per KRC standard rental agreement prime contractor will be charged replacement cost for any signs, lumber or barricades missing and or damaged at conclusion of project. This amount shall be paid in full within 30 days by contractor, retention shall not be held on replacement charges.
- 10 Prior to KRC SAFETY CO., INC. installing any signs prime contractor must have proper agency (i.e. Caltrans, County, City, etc.) mark out all sign locations. Proper agency must also mark out their underground utilities and or pipes that are not located by USA. Agency will be responsible for lines hit that are not marked out by their forces. Therefore KRC SAFETY CO., INC. will not be responsible for any damage done to agencies utilities and this will become the responsibilities of the prime contractor and or the representing agency.
- 11 Construction area sign item includes not more than (1) one mobilization total. Additional mobilizations will be charged at \$1,200.00 each.
- 12 Construction Area Sign item includes (1) move in and (1) move out total. KRC SAFETY CO., INC. will not provide performance or payment bonds to the prime contractor.
- 13 Retention will not be held on traffic control work.
- 14 Compliance with Section 7108.5 of the Business & Professions code pertaining to prompt payment and pay when paid clauses are MANDATORY.
- 15 KRC SAFETY CO., INC. requests an invitation to all pre-job conferences.
- 16 Notification must be given to KRC SAFETY CO., INC. prior to any work performed as EXTRA-WORK or Force Account. If notification is not received, KRC will bill at usual rates and full payment will be the responsibility of the prime contractor.
- 17 Contractors State License #A507950 Expires 03/31/2011
- 18 Portable Changeable Message Signs are strictly **RENTAL**. Retention will not be held on rental items.
- 19 KRC SAFETY CO., INC. maintains Commercial General Liability Insurance with limits of \$1,000,000 each occurrence \$2,000,000 aggregate. Additional Insured and Hold Harmless are given only in respects to KRC SAFETY CO., INC. work. KRC SAFETY CO., INC. carries \$5,000,000 excess liability. Any additional liability limits or additional endorsement, including Waiver of Subrogation (add \$50.00 per policy period) requested by Prime Contractor and not provided by KRC SAFETY CO., INC. will be charged to and will be the responsibility of the Prime Contractor.
- 20 Sign panels for permanent items supplied by KRC SAFETY must be given 45 days advanced notice prior to being needed.
- 21 Should this quote be accepted by the prime contractor, Attachment A in its entirety shall become part of any and all subcontract agreements and/or Purchase Orders relating to this project.

A contract and 10 working days notice must be given prior to any move in. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.

Lump sum items are based on "working days" listed in the Special Provisions or working days bid for this project. Additional compensation (standard rental rates) will be applied if working days are exceeded.

All Construction Area Signs to be installed at one time or in stages, covered if needed at installation. Contractor to uncover and recover if needed

Construction area signs include one mobilization per stage, additional mobilizations \$1,500.00 each. Additional signs required due to damage, theft, or plan inadequacies will be billed as extra work.

Traffic Control not included in installation, removal, or repair of any item. Stand-by time charged at \$150.00/hr.

Portable equipment will be delivered and picked up from one location. Contractor to maintain. Contractor is liable for loss and or damaged equipment. Barricades do not include flashing lights.

Contractor is liable for lost or damaged equipment removed or relocated by contractor's forces.

Statewide Safety & Signs, Inc. does not accept charges or back charges of any kind unless agreed to in writing prior to work beginning.

Statewide Safety & Signs, Inc. shall fully indemnify Contractor for any liability arising out of Statewide Safety & Signs, Inc. work or products, but only to the extent of Statewide Safety & Signs, Inc. liability and not that of anyone else. Statewide Safety & Signs, Inc. maintains insurance coverage for their work hereunder, including \$2,000,000.00 Products – Comp/OP Agg and a 10/93 Additional Insured Endorsement.

If there are any issues or concerns regarding Statewide Safety & Signs, Inc. products or work, Contractor shall promptly notify and give Statewide Safety & Signs, Inc. first opportunity to correct any such problems.

All sign and marker location / mark-out to be done by others and must be completed prior to Statewide Safety & Signs, Inc. starting work. Statewide Safety & Signs Inc. is not responsible for damage to underground facilities, not shown on plans or, not marked out by other agencies. (ie.

Sign panels for roadside sign items are supplied by others unless purchased through bid items of this quotation. Roadside sign panels will not be received by Statewide Safety & Signs, Inc. earlier than 15 working

Permanent sign and marker installation: maximum move-ins: ONE (1) . Additional move-ins \$1,500.00 each.

Removal, relocate, and reset items are to be completed in whole per the Special Provisions for the project, and completed in, ONE (1) move-in. Additional move-ins \$500.00 each.

Sign installation does not include coring or breaking

All change order work must be approved by agency / owner prior to work being performed by Statewide Safety & Signs, Inc.

Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other documents.

No retention is to be held on Traffic Control and Equipment Rental.

Re: Bridge Widening on Price Canyon near Edna, CA - HP21L-5949(126),
BHL5949(062), BHL5949(063)

Subject: UDBE Commitment /Good Faith Efforts

Dear Mr. Werst,

This is in response to your email inquiry this morning regarding our bid for the Bridge Widening on Price Canyon Road.

You ask, "Please clarify the bid items that your subcontractor "West Coast/Tipco Pile Driving" will be performing for the contract. According to the "Designation of Subcontractors" form and "UDBE Commitment" form submitted with your bid, the subcontractor would be performing Items 63, 144 and 145 from the Bid Schedule. According to the revised "UDBE Commitment" form you submitted with your Good Faith Effort documentation, the subcontractor will be performing Items 63, 64 and 145 from the Bid Schedule."

Please find attached the revised UDBE Commitment form identifying specific items to be accomplished by Tipco Engineering, Inc. (Item #64, #65, #144, & #145).

You ask "You indicated that "West Coast/Tipco Pile Driving" was a joint-venture, with one of the joint-venture firms (Tipco?) being UDBE. We need clarification from you as to which bid items the UDBE firm will actually be doing, as the "UDBE Commitment" form lists the joint-venture. The "UDBE Commitment" form should be corrected to list Tipco Engineering, Inc. (the certified UDBE) rather than West Coast/Tipco Pile Driving, JV."

The UDBE Commitment form has been corrected and attached herewith listing Tipco Engineering, Inc., and the specific items they will perform (#64, #65, #144, & #145).

You ask "The quote from West Coast/Tipco Pile Driving, JV included in your Good Faith Effort submittal indicates that their proposal "includes a minimum \$80,000.00 of UDBE Participation with our Joint Venture Partner Tipco Engineering, Inc. in Bellflower, CA."

License A, B619361

645 Clarion Court ♦ San Luis Obispo, California 93401

Telephone: 805/543-1706 ♦ Administrative Fax: 805/543-1712 ♦ Estimating Fax: 805/543-1722

As I mentioned on the phone, we would like clarification on how this estimate was arrived at and/or what it includes. (ex is Tipco a broker providing materials? Are they providing drivers? Are they performing work?)"

Please find attached a cost breakdown from Tipco Engineering, Inc. identifying the specific items bid, including breakdown of labor, materials & equipment in the performance of their work. Please note that after post-bid analysis, Tipco Engineering, Inc. identifies that their performance value has increased from their pre-bid estimate of \$80,000, to an actual amount of \$98,638.02.

The specifications and bid instructions provide a goal of 3% for UDBE. This is a goal for the performance of the work (which Specialty still intends to meet), and is not a requirement to be awarded a contract. See 49 CFR 26.55. The same specifications and bid instructions provide specific procedures to follow to show the bidder's Good Faith Efforts to meet the goal. As part of our bid, we provided comprehensive documentation evidencing our Good Faith Efforts satisfied the bid requirements and the San Luis Obispo County UDBE program. This documentation is attached with this email and was delivered to the County Clerk on December 19, 2011 consisting of approximately 106 documents. Specialty's Good Faith Efforts, as evidenced by our bid submission, shows that Specialty is the lowest responsive and responsible bidder, even though Specialty did not meet the initial UDBE goal in its bid.

Furthering the point made above, that the 3% UDBE goal is a performance goal (not a bid goal), we wish to point out that the documentation available to us at the time of bid indicated that West Coast/Tipco Pile Driving would provide an \$80,000 UDBE utilization amount at a minimum. That is the information we relied on which resulted in our Good Faith statement of approximately 2.32%. During recent conversations with the listed subcontractor, they have indicated that the \$80,000 was a conservative estimate, and they actually plan to perform about \$98,638.02 of work, which would result in reaching UDBE utilization of approximately 2.86%. In addition, we are using KRC Safety Company, Inc. (a UDBE) for supplying and installing construction area signs, which provides no less than an addition \$6,600 of UDBE utilization which provides a total utilization for the performance of our work exceeding 3.0%.

Specialty satisfied the bid's Good Faith Efforts requirements and so is the lowest responsive and responsible bidder. As such, we believe that the contract must be awarded to Specialty. The fact that other bidders' bids indicate that they met the 3% goal and Specialty did not may not be considered (49 C.F.R. § 26.53(a)(2)) because this is not a factor set forth in the bid documents or the San Luis Obispo UDBE program (*Monterey Mech. Co. v. Sacramento Reg'l County Sanitation Dist.*, (1996) 44 Cal. App. 4th 1391). Considering such a factor would be illegal under California law. Compare California Constitution, Art. 1, § 31 with 49 CFR § 26.47 (funding will not be lost if goal is not met).

Specialty's home office is in San Luis Obispo County, and its employees are part San Luis Obispo County community. We understand the importance of federal funding to our community and we will do all we can to assist the County's ability to obtain much needed federal funding now and in the future.

Specialty demonstrated in its documentation our good faith, which is the requirement of the bid and the SLO UDBE program, and we will continue to demonstrate that good faith by continuing our attempts to meet or exceed the contract's 3% performance goal, which we believe we will achieve.

Should you have any additional inquiries, please do not hesitate to contact the undersigned.

Sincerely,

SPECIALTY CONSTRUCTION, INC.

A handwritten signature in black ink, appearing to read 'R. Bachmann', with a long horizontal flourish extending to the right.

Rudy Bachmann

Bridge Widening on Price Canyon Road near Edna, CA
 San Luis Obispo County-Department of Public Works

West Coast/Tipco Pile Driving JV will furnish all labor, materials, and equipment to complete the following work on the above-mentioned project.

Item	Description	Unit	Quantity	Unit Price	Price
63	Furnish Piling (Class 140)	LF	854	\$ 75.00	\$ 64,050.00
14 63	Drive Pile (Class 140)	EA	12	\$ 3,200.00	\$ 38,400.00
144	Furnish Piling (Class 140)	LF	208	\$ 75.00	\$ 15,600.00
145	Drive Pile (Class 140)	EA	6	\$ 3,300.00	\$ 19,800.00
Base Price					\$ 137,850.00

Our price is based on the following conditions and our general conditions, which are attached. Included in our proposal are:

1. WC/Tipco is a bondable (1.5%) union contractor signatory to the operators, pile drivers, labors, & ironworkers. This proposal includes a minimum \$80,000.00 of UDBE Participation with our Joint Venture Partner Tipco Engineering, Inc. in Bellflower, CA. (License No. 928364-DBE Firm ID 37925). Tipco Engineering will be furnishing, delivering, unloading, and storing all piles as required. They employ fully qualified operating engineers to run all equipment involved to support the pile driving operation.
2. Proposal includes One (1) crane mobilization to complete all piling work identified.
3. Furnish and installation of piles and standard U rebar dowels as required
4. All piles cut off to grade with debris disposal included.

Specifically excluded from our proposal

5. We do not include the drill out, furnish/placement of the rebar cage or concrete shown Section D-D (page 33-79).
6. All engineering, excavation, shoring unless otherwise noted, spoil removal, backfill, QCP/Third Party Inspection, drawings, or pile driving records. Truck crane and pile handling equipment access to each location. WQCP, Welding Inspection, Traffic Control, Lighting, K-rail Removal, Noise Control, Etc. Vibration or movement monitoring of adjacent structures.
7. Any hazardous waste management, disposal, or liability.

Unless otherwise noted, all terms and conditions in this proposal shall become an attachment (Exhibit "A") to any contract, which references the work in this proposal. In the event of any conflict between any one or more of the provisions in this proposal and the provisions of the Contract, the provisions of this proposal shall supersede and prevail.

Attachment A

1. Prime Contractor/Owner shall provide at NO cost to West Coast/Tipco Pile Driving JV (WC/T):
 - a) Locating and removing belowground obstructions that interfere with pile installation and de-energize electric lines to conform to all safety regulations.
 - b) Excavation dewatering.
 - c) Public safety measures including but not limited to traffic control, delineation and barricading of the job site, barricading and/or fencing for excavations.
 - d) Excavation at pile location required in plans and specifications completed before pile driving.
 - e) Establishing and maintaining surveying for pile layout and pile cut-off elevations.
 - f) Shoring and sloping for excavations in accordance with OSHA and approved by WC/T.
 - g) Protection of property from diesel hammer spray and exhaust.
 - h) Minimum distance of 36 inches from pile center to shoring or other obstructions.
 - i) Protection of utilities, structures, improvements, and property from damages due to ground heave, soil movements, or vibrations generated by pile installation.
 - j) Removal and disposal of pre-drill spoils and pile cutoffs unless noted otherwise.
 - k) Provide on-site storage area for the project materials.
 - l) Provide all weather level access, minimum 25 feet wide that allows pile driving and pile moving equipment within 35 feet of all piles.
2. Prices are based on the following:
 - a) Pile driving performed during eight hour, daytime shifts, Monday through Friday.
 - b) Reimbursement to WC/T for all costs associated with delays, out-of sequence moves, and extra work caused by obstructions.
 - c) One mobilization and demobilization for one pile driving set up. Each additional mobilization/demobilization charged at \$25,000.00
 - d) Pile driving in one continuous operation with sequence mutually agreed upon for each mobilization.
 - e) Standby for crew and equipment charged at \$875 per hour.
 - f) Standby for equipment at site with no crew present charged at \$1250 per day.
 - g) WC/T General Liability insurance coverage of \$1,000,000 each occurrence and \$2,000,000 aggregate. Special agreements, waivers, or additional coverage's will be an additional cost.
 - h) Pile driving schedule shall be mutually agreed upon before mobilization.
 - i) If noise reduction requires equipment modifications, delays, or any changes in our pile driving operation, WC/T shall be reimbursed for costs incurred.
3. Prices do **NOT** include the following:
 - a) Payment or Performance bonds.
 - b) Any inspection associated with piles.
 - c) Reports, as-built drawings, pile driving records, engineering or design.
 - d) Furnishing/installing rebar dowels or pile anchors, bending of extended rebar unless noted otherwise.
 - e) Hold-harmless agreements.
 - f) Working on mats.
 - g) Permits of any kind except hauling.
 - h) Railroad insurance.
 - i) Using a follower to drive pile top below surface.
 - j) Sound, vibration or ground movement measurement.
4. Payment:
 - a) Payment of 90% of work completed the preceding month shall be received by the 15th of the following month, and full payment (including retention) to be received within 60 days after substantial completion of work performed by WC/T.
 - b) Late payments are subject to a 2% per month charge.

West Coast/Tipco Pile Driving J.V. is not responsible for any damages, costs incurred, inconveniences or delays caused by ground heave, ground movements, or vibrations generated by pile installation.

This quote is firm for 30 days.

Respectfully submitted,

Kevin Tipton
